13 juni 2024

Kära uppskattade Bivona®-kunder,

Smiths Medical utfärdar detta brådskande säkerhetsmeddelande för att meddela dig om en potentiell defekt med följande Bivona® neonatal/pediatrik och vuxen trakeostomiprodukter listade i *Bilaga 1_Affected Product*. Detta brev beskriver problemet och de steg som krävs från dig.

Problem:

Smiths Medical har identifierat att fästkragen på specifika batcher av Bivona® Neonatal/Pediatrik och Trakeostomiprodukter för vuxna kan gå sönder på grund av ett tillverkningsfel. Se bilden nedan för ett exempel på en trasig krage.

Potentiell risk:

Om kragen på föremålet är sönderriven eller trasig kan det hända att trakeostomikanylen inte stannar på plats i luftstrupen. Detta kan leda till trakeostomiförskjutning eller dekanylering. Båda händelserna kan resultera i oförmåga att ventileras ordentligt eller skydda luftvägarna. Båda kan bidra till en katastrofal negativ händelse. Hittills har Smiths Medical tagit emot trettiofem (35) rapporter om allvarlig skada och ett (1) dödsfall i samband med detta problem.

Berörd produkt

Se de berörda artikel- och Lot-numren i Bilaga 1_Affected Product List och även produktens distributionsdatumintervall. Alla produkter som tas emot efter den 13 juni 2024 anses inte påverkas.
